Danger! Danger! Danger! Danger!

Please do not put live ammunition in your garbage bags. Someone did this and the ammo went off at the landfill and just missed hitting our Environmental Technician. If you do not know what to do with live ammunition you no longer need or want, please call Pat Warren at 767-5505 ext. 226 to get properly disposed of it. Thank you for your cooperation in this matter.

If you change your vehicle oil please call the CIV office at 767-5505 ask for Brian Willard ext 231 and we can come and get your waste oil for the furnace.

Recycling Tips

How to recycle:

Aluminum Cans: Rinse, drain, and put in Bin for transport to recycling center. (No foil / Pie Plates, cat food cans etc.)

Tin Cans: Rinsed, flattened, and labels off

Plastic Bottles & Jugs: p¹ – Green & Clear Soda Bottles & Jugs (All containers need to be rinsed out and lids removed)

P² – All Colors including white (All containers need to be rinsed out and lids removed)

Cloudy Plastic Jugs.

CIV is not able to recycle cardboard, paper, and glass at this time.

Used lead-acid batteries can be taken to Bigfoot. Bigfoot now takes used lead-acid batteries at no charge.

Electronic Waste (E-Waste)

E-Waste is used computers, cell phones, TVs, and VCRs. Some materials, such as lead, nickel, cadmium and mercury could pose threats to human health and the environment if mismanaged at their end-of-life. Keeping used electronics out of the landfills, to recover materials and the environmental impacts and energy demands from mining and manufacturing will lengthen the life of the landfill. Recycling electronics recovers valuable materials and as a result, we reduce greenhouse emissions, reduce pollution, save energy and save resources by extracting fewer raw materials from the earth.

If you have any e-waste, call the CIV office, 767-5505 and ask for Daniel Klanott or Pat Warren.

Thank You to all the people who are up to date with their Water and Sewer Utilities

This keeps Klukwan's water flowing.
